Intended use	Transport and storage of foods

Compliance Declaration

We hereby confirm that the above mentioned articles comply with the following regulations, directives and laws:

European Regulations

- Framework Regulation (EC) No. 1935/2004 on materials and articles intended to come into contact with food
- Regulation (EC) No. 2023/2006 on Good Manufacturing Practice (GMP) for materials and articles intended to come into contact with food
- Plastics Regulation (EU) No. 10/2011 and all subsequent amendments in force at the date of issue
- Regulation (EU) No. 2019/1021 (POP) including amendments

International Standards

- FDA regulation 21 CFR 177.1520 (olefin polymers)
- Japan: Food Sanitation Act
- All relevant harmonized standards specified in the technical file

Application and Use Specifications

| Intended food types | All kinds of food with the following notes:
• EPDM, Viton or PCP seals available
• Viton seals are not suitable for acidic foods (pH < 4.5) | | Contact conditions | Any long-term storage at room temperature or below, as well as short heating for up to 2 hours at 70°C or for up to 15 minutes at 100°C | | Surface area to volume ratio used in compliance testing | 1 dm² with 100 ml food simulant |

Additional Compliance Information

- The products have been tested for and confirmed free from: Bisphenol A, Bisphenol F, and phthalate plasticizers
- Specific Migration Limits (SML) as defined in applicable regulations are complied with
- The products contain dual-use additives E170, E171, E321, E529, E570, E1521
- No functional barrier is used according to 10/2011 Article 3
- Non-intentionally added substances (NIAS) have been screened and cleared by risk assessment
- Testing confirms that the organoleptic properties (smell, taste, color) of foods are not unacceptably altered
- The products comply with European packaging standards EN 13427, EN 13428, EN 13429, EN 13430, EN 13431, and CR 13695-1

Conclusion

When used in accordance with the specifications stated above, there are no concerns regarding the use of the products in direct contact with foodstuffs according to the mentioned regulations, directives and standards, including all respective amendments valid at the date of issue.

This declaration of compliance explicitly covers only the food types and application conditions specified above. FERMETECH OÜ cannot take responsibility for any other food types or application conditions which could cause unforeseeable interactions with the products.

This declaration is valid until revoked or replaced by a new version.

Authorized Signatory:

Toomas Karuks CEO, FERMETECH OÜ
